FOREWORD

This Index of Institutions of Higher Education, by State and Congressional District, is a companion volume to the Education Directory, Colleges and Universities, 1976-77. The Directory is published annually; this Index is published and distributed biennially to reflect the biennial changes in the U.S. Congress.

The 1977 edition reports the names of the Senators, Representatives, and other elected officials of the 95th Congress, their States and congressional districts, and each institution of higher education located therein.

The Index includes all institutions meeting at least one of the criteria enumerated below, including new schools certified by the Division of Eligibility and Agency Evaluation of the Bureau of Postsecondary Education to the National Center for Education Statistics through October 1, 1976: (1) accreditation or approval by a nationally recognized accrediting agency, by a State department of education, or by a State university; (2) pre-accreditation status of "recognized candidate for accreditation" with a designated nationally recognized accrediting agency; or (3) certification that the institution's credits have been and are accepted for transfer by no fewer than three accredited institutions as if coming from an accredited institution.

METHODOLOGY

The data on congressional districts from which this Index is derived were obtained from the institutions of higher education in the Higher Education General Information Survey of 1976-77. Those data were entered on the computer files in the fall of 1976. Final data were obtained from corrections to lists circulated to members of the House of Representatives for verification of districts. The names of the Senators and Representatives were obtained from the "Official List of Members of the House of Representatives and their Place of Residence" supplied by the Clerk of the House of Representatives.

In this Index a branch of an institution which is reported separately for Directory purposes is treated as a separate institution and is listed in the congressional district in which it is located. U.S. Service Schools are listed in the State in which they are located. When district boundaries pass through a campus, the business address determines the district.

ABBREVIATIONS

The names of the institutions in this Index are limited to 25 letters and spaces. Where it is impossible to show the full name of an institution within the required limitation, an abbreviated form is shown. Following is a list of the standard abbreviations used.
